Pop something bubbly, you're engaged!

LET THE PLANNING BEGIN!

Now that you've said "Yes" it's time to start the journey to "I do." We know you're excited about diving into the planning process, but if you're like most couples, you're probably feeling a little overwhelmed, too. That's where we come in!

The intimate details and process of working with a couple to bring their vision to life has to be the best job there is! Wedding planning is more than just checking off boxes of "things to do", it's creating a moment and memory that will last a lifetime. We start the process with two people and end with a new family! I have been blessed to work with amazing brides that end up becoming more than just a client, but a friend!

We believe your wedding should be as unique as you are, and as such, we offer you the opportunity to choose the level of support you need to best assist you on your planning journey.

Hi, I'm Morgan!

I'M THE LEAD PLANNER AND FOUNDER OF
THEN COMES MARRIAGE

I've had a hand in every kind of event from large scale international branding events, corporate and non-profit planning, as well as social events and weddings ... I love them all! With a degree in Marketing and Public Relations, I started on a different path of corporate life. But, in my time as the event manager for The Swan Coach House, and in planning my own magical day, I got a taste for the beauty of weddings and have been hooked ever since! After 10 amazing years, I still have the best job in the world!

In my everyday life, you will find me being full time mom to my 3 girls and spending time with my wonderful husband, Brett! It's always busy around here- just the way we like it!

Hi, I'm Paige!

Planner

I am a junior at Kennesaw State University pursuing an Organizational and Professional Communications degree with a Marketing minor. I have been working in the wedding industry for about a year now, and I have loved every second of it. After getting a job working for a wedding venue in 2022, I immediately fell in love with every aspect of planning and coordinating weddings. It is not only a job that I felt fit all my best qualities, but it is so rewarding. I love planning out the small details and seeing them come to life. I think it is so special to be apart of such a big day in a couple's life.

I can't wait to help plan and coordinate your big day! I look forward to meeting you:)

Our Process

WE APPROACH THE PLANNING PROCESS IN PHASES.

This allows us to stay focused on the important priorities during each phase, and make sure we have the proper pieces in place to create an unforgettable event.

The planning package you choose will determine how we assist and curate the planning process for you. No matter what service you choose, we want to make the planning fun and as stress free as possible.

The Phases of the Wedding Planning Process

Phase One: Budget & Dreams

This phase in the process is all about determining the budget and securing the important vendors who will be part of your big day. Your planning package will determine your planner's level of involvement in this phase. No matter what- we are always here for questions and vendor guidance!

Phase Two: Design

During this phase we're dreaming up gorgeous designs, drooling over swatches, and determining every detail of how your event will look. We love to have this meeting in person, at your venue when possible!

Phase Three: The Little Things

At this point, the big vendors are done, flowers are chosen, and the dress is secured! At about the 6 month mark we move on to the season of "little things". During this time we start to finalize all of the tiny details like floor plans, signage, transportation, ect!

Phase Four: Execution

The countdown is on as we approach your final venue meeting! By this time, all of the big and small details are planned and we are finalizing everything you've worked so hard to plan for your big day! We are with you every step to make sure nothing was missed and your beautiful day runs according to plan.

Our Promise

We have the privilege and the honor to be trusted with planning and executing one of the most important days of our clients' lives, and it's not something that we take lightly! We want to be sure that every meeting, decision, and conversation leaves you feeling not only taken care of, but excited about your big day.

Hiring a planner is a big decision, and our goal is to make your planning process as enjoyable as possible. We want you to feel like you have someone on your side who puts your wants, needs, and vision first. Wedding planning is a team sport and we are excited to be a part of your dream team!
